WARM ME HEATED VEST

- Manufactured with Soft-Shell fabric
- Thin, resistant and stretchy, keeps the heat but is transparent and it has a double external layer waterproof/wind-block
- Has been designed to be worn under any clothing, adapting to different clothing used in the different activities
- Can be the dress for every day: for work, sport, and free time
- Innovative technology, already famous in racing field, is based on heating and flexible carbon filaments, strategically positioned in specific areas, in order to maintain a comfortable temperature around 38/40°C
- Three settable temperatures with one backlit button
- The battery is included. Light and small, the battery recharges quickly. It is positioned in a little internal pocket and it can power the heating circuit up to 7 hours
- 220V Charger and battery included
