HALO T-FLOATER 6.0 RACING DISC

HALO *T_{6.0}*
RACING DISC

HALO T-FLOATER 6.0 RACING DISC

- HALO outer ring design ensures equal heat dispersion under high thermal stress while the brake pad contact surface is cleaned evenly
- Outer ring thickness is 6.0 mm (320 mm) and features an extra cooling slot on external perimeter
- The laser cut and precision grinded outer ring is fixed to a billet CNC machined aircraft aluminium carrier which is black anodized and laser marked
- T-Floater system ensures precise controlled full floating action under the most severe racing conditions
- T-Floater system is lightweight due to specially designed, hard anodized aluminium floaters
- Pin-slot construction allows high mechanical load while exhibiting minimum wear
