THE NEW STANDARD: MESH 2.0

Mesh 2.0 brings a new level of robust, reliable connections and smart, flexible intercom message routing to the 50S thanks to significant technical enhancements made to the original Sena Mesh Intercom™ algorithm. Sena's 50S units actively share information between each other within the Mesh 2.0 network at an astounding rate. An ingenious system of prompts and responses between the Mesh 2.0 units has resulted in 80% more data being transferred across challenging and harsh conditions. Furthermore, Mesh 2.0 units quickly determine the ideal pathway to efficiently transmit messages from rider to rider.

The results of the new Mesh 2.0 technology translate into an unprecedented level of intercom audio quality and robust connectivity for all Sena Mesh 2.0 intercom users. Tested and proven in the most demanding situations, Sena's Mesh 2.0 network keeps the communication lines with your fellow riders clear and stables

50S MOTORCYCLE BLUETOOTH COMMUNICATION SYSTEM

The Sena 50S Mesh 2.0 Intercom brings significant advancements to motorcycle communication. With an exceptional communication network and finely-tuned high-definition speakers, the 50S continues the goal of keeping riders connected on their journey.

- Mesh 2.0: Robust Reliability
- One-Click-to-Connect Mesh Intercom™, with superior audio quality
- Bluetooth® 5 enabled
- Redesigned HD Speakers optimized for boosted performance in volume, bass, and clarity
- Voice-activated digital assistant access ("Hey Google"/"Hey Siri")
- 30% faster rapid charging
- Automatic firmware updates via the included WiFi Adapter
- A tried-and-true glove-friendly jog dial design
- Multi-language voice command support

50R MOTORCYCLE BLUETOOTH COMMUNICATION SYSTEM

The 50R Mesh 2.0 Intercom couples Sena's most advanced technology to date with a low-profile, sleek yet rugged design. Tested and proven by over 100 competitors and staff across the wilds of New Zealand during the Int. GS Trophy 2020, the 50R continues Sena's long tradition of Advancing Adventure. With its sleek good looks, rugged durability, and next-level technology, the form and function of the 50R combine to set a new standard for motorcycle communication.

- Mesh 2.0: Robust Reliability
- One-Click-to-Connect simplicity
- Mesh Intercom™ features superior audio quality
- Multi-channel protocol in Open Mesh allows users to switch between 9 comm channels
- Bluetooth® 5 enabled
- Sena's new benchmark for HD speakers
- Convenience of voice-activated digital assistant access ("Hey Google"/"Hey Siri")
- 30% faster Rapid-Charging
- Included WiFi Adapter which charges AND installs firmware updates automatically
- An elegant, glove-friendly three-button interface
- Voice Commands recognized across 8 languages
- Stress tested and proven by over 100 global ADV riders during the Int. GS Trophy 2020
