HARLEY-DAVIDSON	
Fits all 14-20 Road King	2001-2294

UNIVERSAL HANDLEBAR SWITCH WIRE EXTENSION FOR UP TO 20" APE HANGER HANDLEBARS

- Designed for those that would rather stagger-cut and solder in order to lengthen their wiring for taller bars
- Wires are pre-stripped with the slug left in place to prevent fraying and the other end has machine crimped terminals that can easily be re-installed into the factory connector
- All kits come 100% complete with OEM color matching wire and all of the heat-shrink tubing needed to do the job right
- 24" universal handlebar switch wire extensions; fits up to 20" Apes
- Made in the U.S.A.

WIRE CABLE LENGTH	PART #	WIRE CABLE LENGTH	PART #
61 cm (24")	2120-1020	122 cm (48")	2120-1021
