FX-14 HELMET

- Aerodynamic shell design constructed using an advanced lightweight composite poly-alloy; cut out on shell sides to accommodate most neck brace designs
- 11 point ventilation with chin, side, forehead, top and rear vent:
- 7 intake vents and 4 exhaust vents to maximize negative pressure suction
- Goggle strap grabbers
- Removable and adjustable (30 mm) screw-on visor
- Emergency quick release mechanism for trained emergency personnel to safely remove the cheek pads from the helmet while the helmet is still on the rider's head
- Easy access ear pocket sized to fit most com systems
- Retention system is a race approved Double D-Ring
- Clear coat finish to protect paint and graphics

AFX-41 RANGE HELMET

- Aerodynamic shell design constructed using lightweight composite poly-alloy
- Flush-fit, quick release screw-on face shield that is optically correct, compound-curved, scratch-resistant and protects against UV-rays
- Shield can be removed to allow open face riding or for use with most goggles
- Removable and adjustable (40mm) screw-on visor
- 17 point ventilation with chin, side, forehead, top and rear vents:
7 intake vents and 10 exhaust vents
- Smoke tinted inner flip down sun shield system with left side slide lever
- Retention system is Microlock (quick release)
- Provides ample ear cavity space for most speaker systems
- Clear coat finish to protect paint and graphics
