MXC CALIPERS

FRONT 1701-0699

REAR 1701-0703

MXC CALIPERS & REVISION KITS

- Compact & Rigid design for best brake power transfer and optimal rider feedback.
- Lightweight, up to 20% lighter than a standard cast aluminum caliper.
- Top quality, 1 piece caliper body made out of billet CNC Machined 7075 grade aluminum.
- Durable, Hard Nickel plated for added protection.
- Race proven, closed stainless steel piston prevents accumulation of dirt while extreme heat resistant.
- Fully compatible, fits OEM Brake pads and OEM adapter.
- Brake pads and accessories included.
