KENAI SERIES 36/47 LITER ALUMINUM SIDE CASES

- Kenai side cases are made of high-quality Hardened Aluminum Alloy construction with clear anodized finish to prevent cases from discoloring and keeps them looking new.
- Kenai lock system uses AISI 304 stainless steel integrated lock system that incorporates handle / locking mechanism to secure cases to the mounts and lid opening case for internal access to contents. This is a patented system is quick and easy to install or remove from the mount.
- Releasing the case from the mount bracket, the handle can be used as a carrying handle for the case.
- Lock System uses 1 key for all operations to lock system to mount and for opening trunk. Locks include anti-dust protectors.
- Large 47 Liter case can accommodate up to 2 helmet storage.
- Folding tray for easy access and securing contents from falling out when lid is open.
- Waterproof double sealing lid and compartment closure to prevent water entering the inside of case.
- Cases are designed to be self-standing when removed from bike and built-in case guards reduces chance of damaging cases during use.
- Kenai side case accessories includes: expandable inner storage bag can be used for side or top case applications (Part# 3501-1830, sold separately)
also available is a detachable inner mesh net (Part# 3501-1832, sold separately) that can be attached to the folding tray and top of case to prevent contents from moving.

DESCRIPTION	PART #	DESCRIPTION	PART #
36 LITER SIDE CASE, LEFT	3501-1825	47 LITER SIDE CASE, LEFT	3501-1828

MEDIUM	17.8" (45 CM)	11.4" (29 CM)	15.4" (39 CM)	51 LITER	10.3 LB (4,7 KG)
LARGE	17.8" (45 CM)	12.6" (32 CM)	15.4" (39 CM)	57 LITER	10.4 LB (4,7 KG)

WHAT TO ORDER:

- Side case mount kit to your specific motorcycle (refer to mount kits). Instructions are available to download at www.mooseracing.com (select by clicking on part number).
- Kenai Aluminum side cases are sold as each left or right (see chart). Make sure you know if your mount is offset to accommodate exhaust, if yes then you will need to use a smaller case on exhaust side to balance out load and to keep overall profile symmetrical.
- Kenai top case mount specific to your Motorcycle (refer to chart for proper kit).
Instructions for top case mounts are available to download at www.mooseracing.com (select by clicking on part number of mount).
- Kenai Aluminum top case (see chart to determine size and which style top mount bracket you prefer, aluminum or composite).
You can determine how many locks you will need to match to your side and top cases.
- Optional Kenai accessories includes: inner liners for side case and top cases, passenger back rest pad, Lock sets, Inner cargo nets (see chart for details).

KENAI SERIES ALUMINUM MOUNTS

- Kenai Mount kits are made from 3/4" (20 mm) tubing, which is currently the largest tube diameter in the market. By using this size tubing, it provides a strong mounting base to attach the Kenai side cases to.
- All mounts are powder coated to provide a corrosion resistant mounting surface.
- The mount kits also use a rear crossbar design to provide maximum rigidity and helps resist damage in the case of the bike falling over on the trail.
- Keep in mind that you need to use our 36 Liter case on the exhaust side to keep the bike evenly balanced.
- All mounting kits are designed specifically with brackets and mounting points to assure correct fitment to motorcycle.
- All kits come with complete hardware and instructions for assembly (Instruction PDFs can be viewed and downloaded at www.mooseracing.com).
