MOOSE RACING HANDLEBAR FOR YAMAHA PW 50

HANDLEBAR AND MOUNT KIT SYSTEM FOR YAMAHA PW 50 (ALL MODELS)

- Constructed from the highest quality aerospace aluminum for maximum strength, the PW series handlebar is a unique design that fits all years of PW 50 motorcycles only
- Replace the OEM non-adjustable handlebar with a four-post clamp system that allows you to adjust handlebar position and includes a brake mount so you can swap your OEM lever to handlebars
- The bars are designed to fit smaller child's hands with smaller diameter bar than normal adult size $\frac{7}{8}$ " handlebar to reduce the arm fatigue compared to stock handlebars
- Must use smaller diameter grips or OEM grips with handlebars
